

A lovely sunny day but the wind did blow, however this did not did not slow the fast riders down to much. Last year was won in 4m29s. This year Dave Boughton won in 4m14s Steve Falks 2nd with 4m33s and Dave Watson 3rd 4m48s which included a 20second late start. Most riders stated that although the wind appeared to be from the side they felt like they were fighting it most of the way up.
